

Remarks

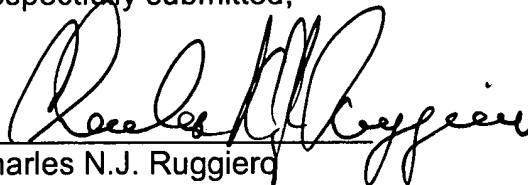

Claims 1 through 20 have been allowed in the present application. Claims 4 and 13 have been amended to correct typographical errors.

This amendment neither raises new issues nor requires further consideration by the Examiner. No new matter has been added. The scope of the claims has not been enlarged and the amended claims do not raise any substantive issues of patentability. Accordingly, no additional search by the Examiner is necessary.

Applicants sincerely appreciate the Examiner's allowance of claims 1 through 20 and respectfully request entry of the present amendment.

Respectfully submitted,
